ANANTHU A R

Computer Science And Engineering Student

Kerala, India | +91 7025677058 | ananthuar03@gmail.com

www.linkedin.com/in/ananthuar03/ | www.github.com/Ananthuar/

PROFESSIONAL SUMMARY

Dedicated **Computer Science & Engineering student** with a specialized focus on **AI/ML and Python development**. Proficient in building intelligent solutions across mobile, web, and desktop platforms. Combines a strong theoretical foundation in C and Java with hands-on experience in implementing machine learning models to solve real-world problems. A collaborative team player committed to optimizing system performance and reliability.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering
College Of Engineering And Management, Punnapra | Kerala, India
08/2024 – Present (Expected 05/2027)

Diploma in Computer Engineering
Government Polytechnic College, Chelakkara | Kerala, India
06/2021 – 03/2024

HSC in Biology Science
Sree Mulam Thirunal Govt HSS, Chelakkara | Kerala, India
06/2019 – 03/2021

TECHNICAL SKILLS

Languages	Python, Java (Basics), C (Basics), Dart
Web/Mobile	Flutter, HTML, CSS
Core Concepts	Data Structures, OOP, AI/ML, Software Testing, Debugging
Tools & Cloud	Firebase, Git/GitHub, Visual Studio Code, Google Colab

KEY PROJECTS

Crash Sense (Linux AI/ML Application) | *11/2025 – Present*

- • Under development: A Linux-based application utilizing AI/ML to predict and handle application crashes.
  • Focuses on improving system stability through predictive analysis.

Krishi Mithra (Flutter Android App) | *03/2025 – Present*

- • Developing a platform to facilitate direct sales of fresh crops from farmers to consumers.
  • Aimed at eliminating intermediaries to increase farmer profits and reduce consumer costs.

ProofIt (Flutter Android App) | *08/2025*

- Developed a mobile application using **Flutter** and **Dart** to automate the generation and distribution of certificates for college events.
- Utilized **Flutter packages** for dynamic image manipulation and CSV data handling to streamline bulk document processing and eliminate manual entry.

Care Net (Flutter Android App) | *09/2023 – 02/2024*

- • Created an application connecting individuals and organizations in need with charitable resources.
  • Streamlined the process of finding helping resources for community support.

PROFESSIONAL EXPERIENCE

Robotics Engineer Intern
Inker Robotics Pvt. Ltd. | Kerala, India
04/2023 – 05/2023

- • Gained foundational knowledge in robotics, Artificial Intelligence (AI), and Machine Learning (ML).
  • Participated in hands-on projects, applying concepts to real-world robotics applications.
  • Assisted senior engineers with the development and testing of robotic systems.

ADDITIONAL INFORMATION

Soft Skills: Project Management, Problem Solving, Code Review, Teamwork, Time Management.

Interests: Coding, Personal Project Development, Music Composition, Songwriting.

Languages: English (Fluent), Malayalam (Native).
